

# Tuition Waiver and Payment Deferral Application For 2026 Semester 1 and Semester 2

## Notes on application

- ◆ **You can apply for first semester and second semester at the same time in application for first semester.**
  - You can also apply for only first semester or second semester at each time.
  - Applicants who submitted applications for both the first and second semester during the application period for the first semester do not have to apply for the second semester again. However, if the information (family, study or household budget) provided in the application on April 1 has changed by October 1 you must resubmit their applications during the period for the second semester.
  - If you have been selected as the non-repayable scholarship after April, you must apply for modification in the semester 2.
  - If you take a leave of absence from second semester in spite of you have applied for first and second semester at the same time in application for first semester, you have to tell us as soon as you can to withdraw the application.
  - In the case that applications for both the first and second half are submitted together, selection results will be determined for each half separately. Therefore, even if the application for exemption or deferred payment for the first half is approved, the result for the second half will not necessarily be the same. Please confirm the selection result for the second half as well.
  - This application is valid only 2026 academic year. Those who will continue to study in the 2027 academic year and thereafter and wish to apply for tuition waiver or deferment should submit a new application for the next academic year.
- ◆ Do not make tuition payment before it is decided whether you can receive waiver/payment deferral. Applicants for tuition waiver and payment deferral are given grace to make tuition payment until it is decided whether you can receive waiver/payment deferral.
- ◆ Submit necessary documents no later than the deadline.
- ◆ Note that your waiver or payment deferral will be canceled if any information in your application is found to be untrue.
- ◆ We have revised its tuition fees. For students receiving tuition exemptions, the university will fully cover the difference resulting from the revision to support students facing financial hardship in continuing their studies (however, the continuation of this measure is subject to budgetary conditions and other factors).

## Tuition waiver program (For regular students only)

The tuition waiver program exempts, based on examination, students who fall under any of the following criteria from paying certain amount of the tuition on a semester basis. Students who fall under the criteria of this program may also apply for the tuition payment deferral, which is explained later.

### ◆ Eligibility criteria

1. The applicant is identified as having difficulty paying tuition due to financial reasons and has good academic standing.
2. The applicant is identified as having extreme difficulty paying tuition because the key income producer of his/her household died or because he/she or the key income producer of his/her household suffered damage caused by wind, flood or other disaster within six months before the tuition payment deadline (in the case of a freshman, within one year before enrollment). However, this criterion doesn't apply to cases where the applicant or his/her spouse is financially independent or a international student and identified as the key income producer of his/her household, even if his/her parents have died.
3. Students who have been enrolled for years longer than the shortest course duration cannot apply for the program. However, students who are identified as having special reasons, such as illness or study abroad, may become eligible for examination with a recommendation letter from their advisers (form M). (If you will be extending your enrollment from the second semester, you cannot apply for the second semester during the first semester. Please reapply for the second semester during the second semester application period, attaching the (form M).)

## ◆ Financial Requirements

### 1. Calculation for financial requirements

Whether the applicant satisfies financial requirements or not is examined based on the assessed household finances (total income minus necessary expenses, predetermined deductions, and standard income of respective household members). Students to whom the exception criteria are applicable are examined based on more relaxed financial requirements. For your reference, a list of income limits for model households is provided below.

### 2. Income limits for tuition waiver

We have received many tuition waiver/payment deferral applications from students from households with employment income or income after deduction exceeding the financial requirements (income limits). The requirements vary depending on numbers of household members, types of income, and special circumstances (e.g., single-mother/father family), but the table below provides guidelines for making an application. “Employment income” and “income after deduction” refer to a total of incomes earned by all members sharing household finances.

**Please also note that you may not receive a waiver, even if you satisfy the criteria, due to budget constraints.**

#### Income limit guidelines

Course	No. of household members <sup>3</sup>	Employment income <sup>1</sup> (yen)		Income after deduction <sup>2</sup> (yen)	
		Home	Non-home	Home	Non-home
Undergraduate	2 persons	5,785,000	6,414,000	3,430,000	3,870,000
	3 persons	5,657,000	6,285,000	3,340,000	3,780,000
	4 persons	6,457,000	6,920,000	3,900,000	4,340,000
Master's Program	2 persons	6,128,000	6,690,000	3,670,000	4,110,000
	3 persons	6,057,000	6,640,000	3,620,000	4,060,000
	4 persons	6,780,000	7,220,000	4,200,000	4,640,000
Doctor's Program	2 persons	7,390,000	7,830,000	4,810,000	5,250,000
	3 persons	7,530,000	7,970,000	4,950,000	5,390,000
	4 persons	8,210,000	8,650,000	5,630,000	6,070,000

<sup>1</sup> “Employment income” refers to employment income before deduction, which appears as the amount of payment in a certificate of tax deducted or as the amount of employment income in a certificate of annual income.

<sup>2</sup> “Income after deduction” refers to the amount of operating income (amount of income), i.e., sales minus necessary expenses, for final return.

<sup>3</sup> In the table above, the number of household members is based on the following assumptions.

Meanwhile, “home” refers to the case where the applicant is commuting from the house of the head of his/her household, and “non-home” refers to the case where the applicant is living in an apartment, dormitory, etc. away from home.

2 persons: Father or mother (key income producer) and the applicant

3 persons: Father (key income producer), mother (full-time homemaker) and the applicant

4 persons: Father (key income producer), mother (full-time homemaker), the applicant and the applicant's brother/sister (public high school student commuting from home)

## Submission of Certificate of Residence for All Household Members (Including Applicant and Member(s) Sharing Household Finances but Living Apart) (Copy Acceptable)

**\*Submit a certificate that covers all members of the applicant's household.**

**\*If the applicant is not living in the address shown in the certificate of residence, a document that proves the applicant's current address (e.g., utility bill) must also be submitted.**

**\* The certificate of residence you provide has to be issued within three months prior to the application date.**

**\*The certificate should not contain any information of individual numbers ("My Number"). If only a certificate with the numbers is available, black out the number information before submission.**

### Definition of "sharing household finances"

"Sharing household finances" does not necessarily mean living together. For example, following cases are considered as sharing household finances: a member who is living apart for the convenience of commuting to work/school or for medical expenses but lives with his/her family in his/her spare time on a regular basis; and a member to whom the household constantly sends money for living expenses, school expenses, medical expenses, etc.

\* Note that applicants with household that does not include his/her parents and meets certain requirements are identified as "financially independent."

Financially independent applicants must submit Form D-2 (next page) by attaching specific documents required.

**If the key income producer of your household died within the past year, attach the following documents.**

- (i) Certificate of residence removal (copy)
- (ii) Excerpt from family register of deceased person (copy)

**◆If you are an applicant as an international student:**

**If you are an applicant as an international student (private students), you will be considered "Financially Independent" and you must submit documents about your information only, in principle.**

**\*If your family members (spouse and children) are also staying in Japan, you must submit documents related to them as well.**

**Documents to submit are: forms indicated as "mandatory" in Form A and documents (1) through (5) below:**

- (1) Certificate of residence issued by Municipality (copy): Of your household in Japan. Attach the copy to Form D-1. Only when a certificate of residence cannot be issued, submit a copy of your "residence card" first. Be sure to submit the certificate of residence issued by Municipality as soon as you are registered as a resident after that.
- (2) Taxation Certificate/Tax Exemption Certificate Issued by Municipality (copy): of your household in Japan. Attach the copy to Form E. Submission is not required only if you (and your spouse) have arrived in Japan after Jan. 1<sup>st</sup> of this year since you are unable to obtain the copy.
- (3) Copy of bank passbook: If you are receiving financial support for living expenses, etc. from your family in your home country, submit Form I by attaching the copy of the passbook page(s) showing the amount sent.
  - \*Highlighting the remittance portion
  - \*Japanese (or English) translation and yen conversion (if it's foreign currencies) are necessary
  - \*Attach documentation of the exchange rate basis
- (4) Document(s) on the applicant's income: If you have earned income from part-time job, scholarship, etc., submit Form I by attaching a copy of specified documents.
- (5) Additional documents may be necessary depending on your (and your spouse's) circumstances. Refer to Forms [Form A], [Form C-1] and [Form C-2], and submit all applicable documents. E.g. If your spouse has income from employment, submit Form F. / If your spouse is a student, submit form K-1. / If you or your spouse is a person with a disability, submit Form K-3.

**Submit your certificate of residence by attaching to this form.**

## Submission of Documents to Certify Financially Independent Applicant

**If you seek to be certified as being financially independent, submit the following documents required for certification.**

**\*Who are financially independent?**

Any applicant with a household that does not include his/her parents and the like and meets certain requirements is identified as "financially independent."

Even if the applicant student has his/her spouse or child or even if the applicant is a non-working dependent of his/her spouse, he/she is financially independent as long as he/she meets the requirements.

"Parents and the like" refers to the person(s) who had supported the applicant until he/she became financially independent.

**<Requirements for applicants to be certified as financially independent>**

Applicants are certified as financially independent if they meet the following requirements:

**Undergraduate:** Students who enrolled in TUA after working as a member of society or who have a spouse, and also meet all the requirements 1 through 4 below as of the time when they apply for admission fee/tuition waiver/payment deferral

**Graduate:** Students who meet all the requirements 1 through 4 below as of the time when they apply for admission fee/tuition waiver/payment deferral

1. The applicant is not a dependent of his/her parents and the like (excluding his/her spouse) under the Income Tax Act or in terms of health insurance.
2. The applicant is living apart from his/her (and his/her spouse's) parents and the like.
3. The applicant is not receiving financial assistance from his/her parents and the like (excluding his/her spouse).
4. The applicant meets any of the requirements (1) through (3) below:
  - (1) In the previous academic year, the applicant (including his/her spouse) had a regular income exceeding 1,300,000 yen a year and declared the income on which a certificate of annual income can be issued, and the situations remain the same this academic year.
  - (2) In this academic year, the applicant (including his/her spouse) is likely to have an income (including annual amount of non-loan scholarship and employment income) exceeding 1,300,000 yen because of a new job he/she has taken on or for other reasons, and can submit a certificate or other document supporting the estimation (see 3 of <Documents to submit> below). If you cannot submit a supporting document, you are regarded as not meeting this requirement.
  - (3) The applicant had a steady job and earned a salary or other income until the previous fiscal year, but became unwaged as he/she quit the job or took a leave of absence to enroll in TUA. He/she is now living on the money saved from the job and his/her deposit balance exceeds 1,300,000 yen.

\*Even when the amount specified in (1) through (3) is less than 1,300,000 yen, please consult if you are in special circumstances, such as not having parents or other supporter (excluding spouse). It must be noted, however, that you are not certified as financially independent just because you are not receiving money from your parents.

**<Documents to submit>**
